IN the present edition of the *Union Harmony, or British America's Sacred Vocal Musick*, will be found as choice a selection of Classical Church Musick, as has yet appeared on this side the Atlantic, and as well adapted both to devotional and scholastic exercises. No pains have been spared to support the credit of the work, and continue its usefulness.

Objections have been made by some compilers of devotional musick against the use of fugueing tunes in divine worship. It is allowed that injudicious performers have abused that species of composition through ignorance in the performance of good musick, and the introduction and too frequent use of fugueing tunes not properly composed for the solemnities of divine worship. But it is nevertheless believed that fugueing musick, when judiciously performed, will produce the most happy effect, without the least disorder of jargon, especially when it is considered we do not sing to please men, but the Lord. If those who are *hearers*, while others are performing that part of divine worship, were as assiduous to learn Sacred Musick, as they too generally are the giddy amusements of the day, we should have less hearers and more performers of this animating part of divine worship; and whole assemblies might then join to confess how amiable and pleasant it is to "Sing unto the Lord with the spirit and with the understanding also."

The rapid sale of the former edition of this work, and the increasing demand for Church Musick, has induced the Compiler to publish this Second Edition, with no other motive than the improvement of psalmody in the various Worshipping Congregations in the British Provinces; to which he sincerely hopes it may contribute, and in which he will not only be highly gratified but compensated.

INTRODUCTION TO THE GROUNDS OF MUSICK.

MUSICK combines *melody, air, harmony, and measure.* *Melody* is a series of simple sounds. *Air* is the spirit and style of melody. *Harmony* is the consonance of two or more sounds, either *natural or artificial.* *Natural harmony* is produced by the common chord. *Artificial harmony* is a mixture of concords and discords, bearing relation to the common chord.

THE DIATONIC OR NATURAL SCALE OF MUSICK.

The notes of the diatonic or natural scale of music are seven, whose distances or degrees are measured by tones and semi or half tones. The seven first letters of the alphabet are applied to the notes, in the following order—A, B, C, D, E, F, G; when there is occasion for an 8th letter, the first is repeated. These letters comprehend a system of degrees, called an octave, from which proceeds the variety of harmony.

Musical Characters Explained.

The *Bass Cliff* is placed on the fourth line, and called the *F Cliff*, and is used only in Bass.

The *Tenor and Treble Cliff* is placed on the second line, and called the *G Cliff*, and is used in Tenor and Treble, and in Counter.

The *Counter Cliff* is placed on the third line, and called the *G Cliff*, and is used in Counter.

A *Staff* is five lines with their spaces, whereon notes and other characters are written.

INTRODUCTION.

Ledger Lines are used when notes ascend or descend beyond the compass of the staff.

A *Brace* shows how many parts are sung together.

A *Sharp* set before a note raises it one semitone.

A *Flat* set before a note sinks it one semitone.

Either a *Sharp* or *Flat* set at the beginning of a tune has influence through it, unless contradicted by a natural.

A *Natural* restores a note, made flat or sharp, to its primitive sound.

Observe, that Sharps, Flats, and Naturals affect the sound of no letters but those on which they are set.

A *Repeat* shows what part of a tune is to be sung over again.

Figures 1, 2, signify that the note under figure 1 is to be sung before repeating, and the note under figure 2 at repeating; if tied, both are to be sung.

A *Slur* shows what notes are sung to one syllable; but when the notes are tied at the bottom, the slur is unnecessary.

Staccato Marks should be performed distinctly; when dots are introduced, they must be sung soft and distinct.

A *Point of Addition* adds to a note one half its original length. When set after a Semibreve, it makes it equal to three Minims; when set after a Minim, it makes it equal to three Crotchets, &c.

A *Hold* signifies that the notes, over which it is set, may be continued at the pleasure of the performer.

A *Figure 3*, placed over or under any three notes, reduces them to the time of two of the same kind.

Choosing Notes are placed in a direct line, one above another, either of which, or both may be sung.

A *Ligature* or *Tie*, comprehends two or more notes upon the same line, or space, tied with a slur, which must be sung with one name, and as one sound.

A *Single Bar* divides the time according to the measure note.

A *Measure Note* is that which fills a bar.

Appoggiatures, or Leaning Notes, are sung according to the value of the note, which follows.

A *Double Bar* shows the end of a strain.

A *Close* shows the end of a tune.

OF NOTES.

SIX Notes are used in vocal musick, which are of different forms and lengths, viz.

1st. The Semibreve which contains 2 Minims.

2d. The Minim which contains 2 Crotchets.

3d. The Crotchet which contains 2 Quavers.

4th. The Quaver which contains 2 Semiquavers.

5th. The Semiquaver . . . which contains 2 Demisemiquavers.

6th. The Demisemiquaver, which is the shortest note used.

OF RESTS.

RESTS require the same time as the notes they represent.

A Semibreve Rest is equal in time to a Semibreve.

A Minim Rest is equal in time to a Minim.

A Crotchet Rest is equal in time to a Crotchet.

A Quaver Rest is equal in time to a Quaver.

A Semiquaver Rest is equal in time to a Semiquaver.

A Demisemiquaver Rest is equal in time to a Demisemiquaver.

INTRODUCTION.

SCALE SHOWING THE PROPORTION OF NOTES.

1 Semibreve contains

2 Minims,

or 4 Crotchets,

or 8 Quavers,

or 16 Semiquavers,

or 32 Demi-semi-quavers.

The above scale ought to be well understood, otherwise the Learner will continually be at loss.

OF TIME.

THERE are three divisions of Time, viz: Common, Triple, and Compound.

COMMON TIME is measured by even numbers, as, 2, 4, &c. and has four Marks.

The First Mark has a Semibreve for its measure note, and is performed in four seconds; accented on the first and third part of the bar, and thus beaten;

- 1st. Let the ends of the fingers fall,
- 2d. Let the heel of the hand fall,
- 3d. Raise the heel of the hand,
- 4th. Raise the ends of the fingers, which completes the bar.

Example. 10

The Second Mark has a Semibreve for its measure note, and is performed one 4th faster; accented and beaten as in the first.

Example.

INTRODUCTION.

The **Third Mark** $\frac{3}{2}$ or $\frac{3}{4}$ has a Semibreve for its measure note, and is performed in two seconds; accented on the first part of the bar, and is beaten thus;

- 1st. Let the ends of the fingers fall,
- 2d. Raise the ends of the fingers, which completes the bar.

Example.

du d u d u
12 1 2 1 2

The **Fourth Mark** $\frac{4}{2}$ has a Minim for its measure note, and is performed one 4th faster than the third; also accented and beaten as in the preceding Mark.

Example.

du d u d u
12 1 2 1 2

NOTE. The First Mark has 4 beats in a bar.

The Second Mark has 4 beats in a bar.

The Third Mark has 2 beats in a bar.

The Fourth Mark has 2 beats in a bar.

TRIPLE TIME is measured by odd numbers, as 3, &c. and has three Marks, which are all beaten in the same manner, thus;

- 1st. Let the ends of the fingers fall,
- 2d. Let the heel of the hand fall,
- 3d. Raise the ends of the fingers, which completes the bar.

R

The **First Mark** $\frac{3}{8}$ called *three to two*, has a pointed Semibreve for its measure note. Three Minims fill a bar, or six Crotchets, &c. accented on the first, and faintly on the third parts of the bar; each Minim to be sounded in a second of time.

Example.

ddu d d u d d u
123 1 2 3 1 2 3

The **Second Mark** $\frac{3}{4}$ called *three from four*, has a pointed Minim for its measure note. Three Crotchets, or six Quavers fill a bar; accented as in the first Mark, and performed one 4th faster.

Example.

ddu d d u d d u
123 1 2 3 1 2 3

The **Third Mark** $\frac{3}{8}$ called *three from eight*, has a pointed Crotchet for its measure note. Three Quavers, or six Semiquavers fill a bar; accented as in the first Mark, and performed about one quarter faster than the second.

Example.

ddu d d u d d u
123 1 2 3 1 2 3

COMPOUND TIME has two Marks

The First Mark $\frac{6}{4}$ called six to four, has either two pointed Minims, two Minims $\frac{2}{4}$ and two Crotchets, or six Crotchets in a bar; three sung with the hand down, and three with it up in the time of two seconds, accented on the first and third part.

Example.

The Second Mark $\frac{6}{8}$ called six from eight, has either two pointed Crotchets, two $\frac{2}{4}$ Crotchets and two Quavers, or six Quavers in a bar; two beats, one down and one up, and performed one 4th faster. Accented as before.

Example.

The figures refer to the number of beats in a bar; the letters *d* and *u*, for down and up beats.

NOTE. Sacred Musick, under the two preceding Marks, should never be sung in a rapid manner, for that destroys all solemnity, and is absolutely inconsistent with that kind of movement required when set to sacred subjects. The mathematical difference between the foregoing Marks of Time, is here omitted. The performing of Musick slower or faster, in the different Marks, is left to directive terms, in general use, and to the judgment of the performer.

OF THE MODES, OR KEYS.

THERE are but two Modes or Keys, the Major, or Sharp Key, and the Minor, or Flat Key.

The learner may distinguish the Modes by the last note in the Bass, which note, if it be *Faw*, is the Major mode, and if it be *Law*, it is the Minor.

The principles of the two Modes must be explained by an Instructor.

OF NAMING THE NOTES.

WHEN a tune has neither sharps nor flats at the beginning, *mi* is in *B*.

If there be 1 Sharp, <i>Mi</i> is in <i>F sharp</i> .	If there be 1 Flat, <i>Mi</i> is in <i>E</i> .
..... 2 Sharps, <i>Mi</i> is in <i>C sharp</i> 2 Flats, <i>Mi</i> is in <i>A</i> .
..... 3 Sharps, <i>Mi</i> is in <i>G sharp</i> 3 Flats, <i>Mi</i> is in <i>D</i> .
..... 4 Sharps, <i>Mi</i> is in <i>D sharp</i> 4 Flats, <i>Mi</i> is in <i>G</i> .

Above *Mi* are *faw*, *sol*, *law*, *faw*, *sol*, *law*, and then comes *Mi*.

Below *Mi* are *law*, *sol*, *faw*, *law*, *sol*, *faw*, and then comes *Mi*.

Between *Mi* and *Faw*—and *Law* and *Faw*, there is but a semitone; between the rest are whole tones.

THE learner ought to commit the most of the preceding rules to memory, before he attempts to call the notes; a neglect of this is one of the principal causes of the inaccurate performance, which at present exists in many choirs of singers. Many persons, having a good musical ear, are very apt to trust to that, rather than confine themselves to rules, and afterwards blame their Instructors for their own negligence. Instructors ought to insist that their pupils pay a particular attention to the principles, and in no case to suffer them to neglect these.

INTRODUCTION.

11

When the learner has acquired a ready acquaintance with the rules, he ought to attend to the *Lessons for Tuning the Voice*, on which depends his future progress, and he ought not to attempt a tune till he can sound the several intervals in the octave readily.

Many schools have begun upon tunes, when they could scarcely have given a letter upon the scale, which is another cause that there are so many half singers. The learner may be sure that the more thoroughly he understands the principles, when he ought to attend to them, the more swift will be his progress afterward.

Schools then ought to be solicitous that their instructors be well qualified, for how can they instruct others, when they are ignorant themselves? Learners, in that case, are led to suppose that they have improved, when they really have not, and consequently their time and money are both spent to no manner of purpose.

GENERAL OBSERVATIONS.

WHEN a tune is well learnt by note, it may be sung in words. Pronounce every word as distinctly as possible. Singers generally fall in this point, by which means half the beauty of the musick is lost, the words not being understood.

In assigning voices to the several parts, the Teacher must be the judge. For if a voice which is suitable only for bass, be put upon the Tenor, it will hang as a weight upon that part, and have a tendency continually to lower the pitch.

Never sing through the *Note*, for that will spoil the voice, make the musick disagreeable, and have a disgusting effect upon the hearer.

High notes should generally be sung softer than the low. The *subject* ought however to regulate the strength of voice. The tone of the Bass should be full and majestic; of the Tenor, bold and manly; of the Counter, soft yet firm; of the Treble, smooth and delicate. Suitable attention should always be paid to the *Directive terms*. A

good tune, performed without any variation, will be dull and insipid. In a company of singers it would have a good effect for some of the performers, on each part, to be silent, when passages marked *Soft* occur; the additional strength of their voices in the *Loud*, which generally succeeds the *Soft*, would mark the contrast more strongly, and give peculiar force and energy to the performance.—A becoming manner of conduct in a collection of singers, will greatly increase the agreeable sensations, which naturally arise from good performances.

The graces and ornaments of musick, such as *Holdes*, *Trills*, *Appoggiatures*, *Transitions*, &c. must be acquired by great practice and attention; the learner had better omit them, till his knowledge and judgment dictate when and where to apply them.

✎ **PASSAGES**, where Syncopation takes place, are better explained by the Instructor, than by words; for this reason, an explanation is here omitted.

LESSONS FOR TUNING THE VOICE.

WHEN learning the following lessons for tuning the voice, be careful to give every note its proper sound, and pay particular attention to the situation of the Semitones. Let the motion of the hand, in keeping the time, be even and exact; always remembering that the hand must *fall* at the *beginning* of a bar, and *rise* at the *close*.

The more time you allow for the practice of the lessons, the easier you will learn a tune afterward. Should you neglect them wholly, you cannot read musick hereafter with any firmness and certainty of tone.

DANVILLE. C. M.

Williams.

The first system of musical notation for 'Danville' consists of two staves. The upper staff is in treble clef with a key signature of one sharp (F#) and a 2/4 time signature. The lower staff is in bass clef with the same key signature and time signature. The music is written in a rhythmic style with many eighth and sixteenth notes.

O what immortal joys I felt, And raptures all divine, When Jesus told me, I was his, And my Beloved mine: And, &c.

The second system of musical notation for 'Danville' consists of two staves, continuing the melody and bass line from the first system. It includes the same key signature and time signature.

WINDHAM. L. M.

Read.

The first system of musical notation for 'Windham' consists of two staves. The upper staff is in treble clef with a key signature of two flats (Bb, Eb) and a 4/4 time signature. The lower staff is in bass clef with the same key signature and time signature. The music is written in a more spacious, hymn-like style with many half and whole notes.

Broad is the road that leads to death, And thousands walk together there, But wisdom shows a narrow path, With here and there a traveller.

The second system of musical notation for 'Windham' consists of two staves, continuing the melody and bass line from the first system. It includes the same key signature and time signature.

2 For O how many and how great
Thy mercies, Lord, to me are shewn;
Each morning does thy love repeat,
Each night thy goodness does return.

3 When dangers lurk around our tent,
And thousands stare us in the face,
To Israel's God our cries we vent,
And he preserves us by his grace.

And mercies every moment flow,
O may each night and day declare
The praise that to our God we owe.

Detailed description: This is a page of a musical score for a hymn. It features four systems of music, each with a vocal line and a piano accompaniment line. The music is written in treble clef with a key signature of one sharp (F#). The lyrics are printed below the vocal lines. The first system begins with the word 'Our' at the end of the line. The second system starts with 'ATR.' and contains the main lyrics. The third system continues the lyrics. The fourth system includes the phrase 'That scarce, &c.' and ends with a double bar line and repeat signs. The piano accompaniment consists of chords and moving lines in the right and left hands.

FRIENDSHIP.

To the memory of Capt. William Melick, deceased.

From my heart oppress'd with sorrow, Pensive numbers murmur'ing flow,
 Seeks in vain relief to borrow, Or short respite from its woe. } Ask you? why should you be mournful?

 Street

Why should grief your breast pervade? Sure 'tis friendship's tie that's broken, For my friend my Me - - lick's dead.

3 Friendship, who has prov'd the blessing?
Few there are among mankind
Best of earthly gifts possessing,
That attainment once was mine.

4 Melick's breast was form'd for friendship,
Friendship of the noblest kind,
And he left not unextinguish'd,
Aught that virtues seat could find.

5 Sudden was the dire removal,
Death has snatch'd him as his prey,
Lodg'd him in the dreary hovel,
And consign'd to fellow clay.

Weeping friends the hearse surrounding,
Stream for him the friendly tear,

Deepest sorrow all confounding,
Mournfully attend his bier.

7 All in vain our lamentation,
'Tis a voice that speaks divine,
"Melick's safe from all temptation,
"Now with kindred spirits join'd.

8 "Cease your mourning" said his angel,
"Melick's safe from worldly harms,
"Now his happy soul is landed,
"And he rests in Jesus's arms.

9 "Could he view the tears now flowing,
"How he'd check th' immoderate grief,
"And with angel bosom glowing,
"Yield the balm of sweet relief.

10 "Then let faith in full persuasion,
"Calm the sorrows of the mind,
"Yield to patient resignation,
"Jesus cannot be unkind.

11 "Imitate the bright example,
"Of your dear departed friend,
"Your reward shall be as ample,
"In those joys that ne'er shall end.

12 "When with all the purer spirits,
"Hymning to the throne above,
"Mutual bliss you shall inherit,
"Mingling souls in ardent love."
