A page from an old music manuscript featuring three staves of handwritten musical notation. The notation uses vertical stems with diamond-shaped heads, typical of early printed music notation. The first staff begins with a clef resembling a 'C' with a diagonal line through it, followed by a 'G' clef. The second staff begins with a 'C' clef. The third staff begins with a 'G' clef. Measure numbers '19' and '20' are written above the first and second staves respectively. The lyrics 'ein Adler' are written below the second staff. The paper is heavily stained with reddish-brown foxing.

46

A handwritten musical score page featuring a single melodic line on a five-line staff. The music consists of vertical stems with diamond-shaped heads, some of which have small horizontal strokes through them. The first measure begins with a vertical stem and a diamond head. The second measure starts with a vertical stem and a diamond head, followed by two vertical stems with diamond heads. The third measure starts with a vertical stem and a diamond head, followed by three vertical stems with diamond heads. The fourth measure starts with a vertical stem and a diamond head, followed by four vertical stems with diamond heads. The fifth measure starts with a vertical stem and a diamond head, followed by five vertical stems with diamond heads. The sixth measure starts with a vertical stem and a diamond head, followed by six vertical stems with diamond heads. The seventh measure starts with a vertical stem and a diamond head, followed by seven vertical stems with diamond heads. The eighth measure starts with a vertical stem and a diamond head, followed by eight vertical stems with diamond heads. The ninth measure starts with a vertical stem and a diamond head, followed by nine vertical stems with diamond heads. The tenth measure starts with a vertical stem and a diamond head, followed by ten vertical stems with diamond heads. The eleventh measure starts with a vertical stem and a diamond head, followed by eleven vertical stems with diamond heads. The twelfth measure starts with a vertical stem and a diamond head, followed by twelve vertical stems with diamond heads. The thirteenth measure starts with a vertical stem and a diamond head, followed by thirteen vertical stems with diamond heads. The fourteenth measure starts with a vertical stem and a diamond head, followed by fourteen vertical stems with diamond heads. The fifteenth measure starts with a vertical stem and a diamond head, followed by fifteen vertical stems with diamond heads. The sixteenth measure starts with a vertical stem and a diamond head, followed by sixteen vertical stems with diamond heads. The seventeenth measure starts with a vertical stem and a diamond head, followed by seventeen vertical stems with diamond heads. The eighteenth measure starts with a vertical stem and a diamond head, followed by eighteen vertical stems with diamond heads. The nineteenth measure starts with a vertical stem and a diamond head, followed by nineteen vertical stems with diamond heads. The twentieth measure starts with a vertical stem and a diamond head, followed by twenty vertical stems with diamond heads. The twenty-first measure starts with a vertical stem and a diamond head, followed by twenty-one vertical stems with diamond heads. The twenty-second measure starts with a vertical stem and a diamond head, followed by twenty-two vertical stems with diamond heads. The twenty-third measure starts with a vertical stem and a diamond head, followed by twenty-three vertical stems with diamond heads. The twenty-fourth measure starts with a vertical stem and a diamond head, followed by twenty-four vertical stems with diamond heads. The twenty-fifth measure starts with a vertical stem and a diamond head, followed by twenty-five vertical stems with diamond heads. The twenty-sixth measure starts with a vertical stem and a diamond head, followed by twenty-six vertical stems with diamond heads. The twenty-seventh measure starts with a vertical stem and a diamond head, followed by twenty-seven vertical stems with diamond heads. The twenty-eighth measure starts with a vertical stem and a diamond head, followed by twenty-eight vertical stems with diamond heads. The twenty-ninth measure starts with a vertical stem and a diamond head, followed by twenty-nine vertical stems with diamond heads. The thirtieth measure starts with a vertical stem and a diamond head, followed by thirty vertical stems with diamond heads. The thirty-first measure starts with a vertical stem and a diamond head, followed by thirty-one vertical stems with diamond heads. The thirty-second measure starts with a vertical stem and a diamond head, followed by thirty-two vertical stems with diamond heads. The thirty-third measure starts with a vertical stem and a diamond head, followed by thirty-three vertical stems with diamond heads. The thirty-fourth measure starts with a vertical stem and a diamond head, followed by thirty-four vertical stems with diamond heads. The thirty-fifth measure starts with a vertical stem and a diamond head, followed by thirty-five vertical stems with diamond heads. The thirty-sixth measure starts with a vertical stem and a diamond head, followed by thirty-six vertical stems with diamond heads. The thirty-seventh measure starts with a vertical stem and a diamond head, followed by thirty-seven vertical stems with diamond heads. The thirty-eighth measure starts with a vertical stem and a diamond head, followed by thirty-eight vertical stems with diamond heads. The thirty-ninth measure starts with a vertical stem and a diamond head, followed by thirty-nine vertical stems with diamond heads. The四十th measure starts with a vertical stem and a diamond head, followed by四十 vertical stems with diamond heads.
